

**TPMS**

## **Gussin TPMS Relearn Procedure A0025**

### **Sensor Relearn Procedure with a scan tool**

OBD II dongle is not required

Confirm TPMS sensors are properly installed

Adjust tire pressures to placard value

Turn ignition to ON

Press INFO button on DIC until LEARN TIRE POSITIONS

Press SET/RESET

Horn sounds twice

Use tool to activate LF sensor

Single horn sounds

Repeat for RF/RR/LR

Turn ignition OFF

Note: If vehicle has no DIC buttons then press and hold trip odometer reset stem until the horn chirps twice and the TIRE LEARNING ACTIVE message is displayed

**Tip: Lowering driver's side window may help to complete this process on larger vehicles**
